

Keep your Bills under Control with BPAY View

As an ADCU member you can now access BPAY View.

BPAY View essentially takes BPAY to the next level allowing you to receive and view your bills online 24/7 from wherever you are.

To keep your bills under control, you can view a summary of bills and their due date essentially cutting out all the filing and paperwork.

You can still use BPAY if you receive bills online via BPAY View and pay from your bank account, credit card or use of any other method your biller allows.
